EXPERT EXAMINER ASSESSMENT OF TEMPORARY EXPORT PERMIT

Application Number :

Object(s) for temporary export:

For *(time)*: returning:

Is the object an Australian protected object (APO)? (ie. Does it meet the criteria of at least one Part of the National Cultural Heritage Control List?) **Yes / No**

If the object (s) is an APO, I consider the item/collection falls under

Part

of the National Cultural Heritage Control List and its **temporary** export

would **would not**

significantly diminish the cultural heritage of Australia.

Reason:

If an application for **permanent** export of this item/collection were subsequently received, my preliminary advice is that the item's export

would **would not**

significantly diminish the cultural heritage of Australia.
