

# National Cultural Policy Submission

**Anonymous**

Are there any other things that you would like to see in a National Cultural Policy?

As a WA artist/artsworker I am concerned at the representation on the Ministers Panel, in particular:

- lack of WA representation
- lack of artists at differing stages of their career and artform

Disaster support- underwriting and planning for risk in uncertain times (environmental, public health)

Considerations of the unique environment of WA: The geographical size with a relatively low-density population is a defining characteristic of the creative industries in the State. The differences between the metropolitan, regional and remote populations is significant and makes the equitable delivery of and access to cultural activity a challenge.
