

## National Cultural Policy Submission

1469587

Public and anonymous

Short submission (text box 500 words or less)

It's not very detailed. More information is needed on what the funding and initiatives would deliver. More funding for local arts organisations such as Writers Victoria and the Centre for Youth Literature. More support for new and emerging creatives, with dedicated funding opportunities for marginal and minority groups. More access for rural and regional creatives who can't access the services in cities.
