Individual

Short submission (text box 500 words or less)

I am an Aboriginal and Torres Strait Islander woman. I am a writer and poet. I have comments for the Pillar of First Nations First. Challenges include having a workforce of Aboriginal and Torres Strait Islander people that understand, develop, administer policies and grants for First Nations artists. Creating and maintaining a culturally safe workplace is important to then deliver on this pillar and the others. Opportunities include: ICIP, Indigenous data and sovereignty and governance and self-determination for First Nations people.
