We are [REDACTED], a youth acting company in Darwin, Australia, that focuses on creating more arts opportunities in the community.

We would like to see the following in the new NCP:

- Regional Arts Needs more Flights, Transport, and Access. There is no tertiary education available and limited growth opportunities, which needs to change.
- Disability Improvement - Funding for venues to increase accessibility and also increased pressure to include disabled artists
- Youth Arts Panel should be made to amplify and support youth artists.
- Bigger youth Focus
- Independent Artists should have more support
- NO AI in arts
- Artist Living wages needs to be a thing in Australia
- Tax billionaires and gas giants to produce more funds to cover all of the above

Thank you
